CARESSO LAW
WHERE EXPERTS CARE

www.caresso.law

Why do *you* really need Caresso Care, from Caresso Law?

You may not: *either believe that you really need it, or realise that it is both free, and also guarantees payment of uncollected invoices.*

Caresso Law offer a **totally** unique service that you will not have ever seen before, and you may well end up asking yourself if you can really afford not to have it.

Caresso Law are debt litigation specialists that can help you improve your credit control and reduce your days to payment, thus improving liquidity and business health.

And did we say that it won't cost you a penny?

We subtly, but very reassuringly, conduct credit control in your name. Helping your debtors understand that they need to pay you on time, every time. And when needed, automatically generate solicitors letters, and supporting activities, to make sure that you do actually get paid, because uniquely to Caresso Law, if they fail to pay you, and our solicitors having agreed to take the matter to court fail to make a recovery, we will pay 100% of the debt ourselves.* That's unique!

Alternatively, our Ad-Hoc Debt Litigation service gives you all the benefits of Caresso Care, but purely in relation to ad-hoc, one-off debts where we also take on fully disputed, and litigious, debts, again, on a fully funded and fully indemnified basis, unlocking the power to take full legal action with impunity.

We are pioneering fully 'client-branded' credit control backed by our unque 100% debt recovery SLA.

Implementing good credit control inevitably reduces risk. It also increases cash flow whilst reducing dependency on over leveraging your business, or having to rely on external capital. It also helps build business and customer confidence as your clients will have an enhanced portal to access to all of your invoices, notify you of payment, track queries and understand the effect of late payments.

We act in your name in the first instance. Your clients will not be aware of our involvement, until, that is, you set triggers on our platform that send out automatic solicitors letters from Caresso Law, and where appropriate, automatically escalate the action - ultimately into full litigation. We recover all of our costs from your debtor, so in effect, Caresso Care, and solicitor involvement, is at no risk or cost to you.*

All payments are made, as is, direct to you. We only get involved when debts become overdue, or require litigation. And we recover our costs from your debtors when that happens.

By simply creating a free account at www.caresso.law and synchronising with your online accountancy software (SAGE, XERO, QUICKBOOKS etc) you can track your sales, proposals for payment, disputes and other matters, recorded from your debtors in real-time.

Through immediate 365 degrees visibility to your debtor position, you obtain a clearer picture of your financial position, and can relax safe in the knowledge that lawyers form Caresso Care are managing your sales ledger.

**FULL ONLINE
PORTAL TO
MONITOR
COLLECTIONS**

Fully configurable. Fully automated. Very flexible. And free.*

Your invoices, and payments receipts/ credit notes are connected to our portal system via most popular online accounting platforms.

Alternatively, if you only need certain, ad-hoc, debt management, then select our 'Ad-Hoc Debt Litigation' service where you manually upload your invoices for Caresso Law solicitors to act.

Our credit control process is fully branded in your name, until a debt is overdue, at which point it is clearly issued by Caresso Law solicitors.

You get all the benefit of similar 'invoice chasing' systems, with the added benefit of full legal support, with all costs fully indemnified, and with the unique benefit of guaranteed invoice recovery. And it's free to you.

Completely free outsourced credit control with a 100% recovery guarantee.*

Caresso Law is unique.

Any debts that we cannot recover through Caresso Care credit control (Bad Debts) will be automatically assigned (purchased), and held in a protected cell in our specialist purpose litigation Protected Cell Company fund vehicle based in Guernsey (the PCC Cell), and litigated by Caresso Law solicitors in the name, and at the risk of, the PCC Cell.

If our solicitors, having agreed to issue proceedings through the courts, for the PCC Cell, fail to make a recovery, the PCC Cell will, subject to the terms and conditions set out on our website, make full payment for the invoice it has purchased.

Should we, for the PCC Cell, or our solicitors, feel that there is no reasonable prospect of success (in recovery of your debt and our solicitors costs) the debt will be automatically re-assigned to you and provided that you have complied, you will not have to pay anything.

So what's in it for us? We retain any statutory charges (which include our legal costs and interest) to cover the cost of providing this unique and completely risk free service to you.

We have a few simple requirements.

We will automatically accept all invoices into the Caresso Care PCC Cell, provided that they relate to the supply of goods and/or services on a business to business basis. When you sign-up, which is also free, you will connect your online accounts system to Caresso Care following our simple online instructions.

We will not make any charges to you for providing Caresso Care, as our costs are covered by our retention and direct collection of any statutory late payment charges, and interest, which we will collect direct from your debtor at no risk to you.

We will, however, only prosecute (and litigate) such debts that are issued to another registered business (a company or registered partnership). That means, that our debt litigation SLA will not apply, and we will not take assignment of consumer or sole trader debts (we will still handle them in Caresso Care).

You receive, and retain, 100% of all invoices our solicitors recover. Subject to our SLA you will also be entitled to receive 100% of any invoice our solicitors fail to recover (up to the limit specified).
